SKIN SPA STUDIO

First things first, congratulations on your engagement!
This is such a special time, and we're so glad you've reached out to Silken Skin Spa Studio in the heart of Rutherglen. We'd love to be part of your wedding day.

There's a lot to think about when you start planning a wedding. We're here to answer your questions, help you work out your getting-ready timeline and make recommendations along the way.
On the day, we'll keep things running smoothly so there's time for a few photos, a glass of bubbles and a moment to take it all in with your favourite people.

Meet your wedding-morning hype girls.

We're a team of caring, fun-loving makeup artists who take the details seriously and love a laugh along the way. We've spent the past 12 years getting brides, bridal parties and their nearest and dearest ready for weddings.
We're always refining our skills, and we tailor each look to the person in our chair. Whether you're drawn to fresh, barely-there makeup or a full-glam moment, we want you to look in the mirror and feel like yourself.

Makeup and lashes, your way!

We work with a range of high-quality products so we can choose what suits your skin, style and comfort. If there's a favourite lipstick or another product you'd love us to use, just let us know.
We also offer temporary strip and cluster lashes and can tailor the look from a subtle lift to something a little fuller.

A little wedding prep at Silken.

Our clinic is open six days a week, with evening appointments available. In the lead-up to your wedding, we can help with skin treatments, spray tans, lashes, brows and everything in between.

We also offer couples' packages if you'd like to take a breather together, and our team can help coordinate group bookings. This is also a great idea for a bridal shower!

Find a little inspiration.

You'll find examples of our work on Instagram at @silkenrutherglen and on Facebook at Silken Skin Spa Studio. If you have a particular look in mind, send us your inspiration. Chances are we've done something similar and just haven't posted it yet!

If you have a question, a special request or simply need help working out where to start, reach out anytime. That's what we're here for.

Love Silken xx

Now you have gotten to know us, you might be asking yourself, whats next?

Generally this is your first time planning a wedding so below is a quick guide to what you will need to provide or start thinking about...

The time you want to start getting ready or when you want to be ready by.
How many makeup artists would you like on the day?
At Silken we have catered for up to a party of 13 with 3 makeup artists. Just bare in mind that we usually allow an hour to 1.5 hours per person, so having more than one artist can cut your getting ready time down by up to half!
Would you like to come into our upbeat, dedicated space in the heart of Rutherglen (just across from Jack and the Fox hair styling), or would you like for us to travel to you in the comfort of your own space?
Have you got a preference over who does your makeup, or have you got a style of makeup that you would like us to assign an artist to you?

There are so many other little bits and pieces that go into this but we work it out along the way. You don't have to worry about the little things because that's what we do!

Trials.

We recommend having a trial if possible. This is the time to vibe with your artist, find out what you are loving and find out most importantly what you DON'T love! See how the makeup feels and wears on your skin, discuss skin prep and when the best time to wax and tan leading up to the big day. We also recommend choosing a day for your trial that you get to do something fun afterwards, who wants to waste a day of looking so snatched?

Locking it in.

To secure your special day and lock in your makeup we usually require a deposit of 40%. However, we are flexible and understand you are generally up for a lot of costs when booking wedding vendors. If you wanting to discuss a smaller deposit and a payment plan, we can arrange this for you as well.
Please remember, we are here to help you leading up, not stress you out!
